

# ANNUAL TRAINING PLAN 2020

The training is designed to provide tools and knowledge for the relevant stakeholders in the process of climate change adaptation and mitigation. For that purpose, the trainings and webinars are conducted in different manners, i.e., there are some who are customized for a particular region or institution and some are communicated with a broader network of climate change practitioners from the academia, NGOs and business community. Throughout the pandemic 2020 the project team has held many consultative meetings to increase the national ownership in the climate change adaptation and mitigation processes.

The project “Strengthening institutional and technical Macedonian capacities to enhance transparency in the framework of the Paris Agreement” or the CBIT project implemented by UNDP invests efforts in increasing and enhancing the MRV capacities through providing trainings in different sectors such as waste and transport. Detailed training plans are available on the national climate change platform <http://www.klimatskipromeni.mk>.

National institutions as the key partner in the development efforts of UNDP partnered in receiving a set of tools and knowledge in order to increase their internal capacities for meeting the enhanced NDCs from the Paris agreement. Special attention was paid also to mobilize the youth to walk in the shoes of decision makers through a gamified platform as well as launching a national survey via micro narratives to grasp the context of the day-to-day issues as well as perception of the Macedonian citizens.

#### **Abbreviations:**

**NECP:** National Energy and Climate Plan  
**NCCP:** Network of Climate Change Practitioners  
**CBIT:** Capacity building Increased Transparency  
**CCAP:** Center for Clean Air policy  
**EU:** European Union  
**IRENA:** International Renewable Energy Agency  
**DTU:** Technical University of Denmark  
**NGO:** Non – governmental organization  
**MANU = MASA:** Macedonian Academy for Science and Arts  
**MRV:** Monitoring Reporting and Verification  
**MOEPP:** Ministry of Environment and Physical Planning  
**TBD:** To be defined

# JANUARY

2020

## Topic COPERT training

### GOAL / ADDITIONAL INFO

Transfer of knowledge on using COPERT software for reporting relevant to transport sector

### PREPARED BY

Elena Gavrilova

### DELIVERED BY

Elena Gavrilova

### TARGET GROUPS

MOEPP, CBIT team

### WHERE

Ministry of Environment and Physical planning

### HOW / WHAT TYPE

Training

### WHEN

30.1.2020

# FEBRUARY

2020

## Topic Climate Finance

### GOAL / ADDITIONAL INFO

To present the findings related to climate finance report

### PREPARED BY

Aleksandar Naumovski

### DELIVERED BY

Aleksandar Naumovski

### TARGET GROUPS

Governmental officials, CBIT project team, UNDP, FAO

### WHERE

UNDP

### HOW / WHAT TYPE

Workshop

### WHEN

4.2.2020

# MARCH

20  
20

## Topic

### GHG inventory: energy, IPPU, waste

#### GOAL / ADDITIONAL INFO

To present the updated national GHG inventory for the energy, industry (IPPU) and waste sector

#### PREPARED BY

National Experts involved in the GHG inventory preparation

#### DELIVERED BY

National Experts involved in the GHG inventory preparation

#### TARGET GROUPS

Network of Climate Change Practicioners, Researchers and current and future actors in processes related to the preparation of GHG inventory

#### WHERE

Online

#### HOW / WHAT TYPE

Webinar

#### WHEN

19.03.2020

## Topic

### GHG inventory: transport and waste

#### GOAL / ADDITIONAL INFO

To present the national updated GHG inventory for the transport and waste sectors

#### PREPARED BY

National Experts involved in the GHG inventory preparation

#### DELIVERED BY

National Experts involved in the GHG inventory preparation

#### TARGET GROUPS

Network of Climate Change Practicioners, Researchers and current and future actors in processes related to the preparation of GHG inventory

#### WHERE

Online

# 2020

## Topic

### Methodology for prioritization of climate actions

#### GOAL / ADDITIONAL INFO

To present the Methodology for prioritization of climate actions and overview of different perspectives

#### PREPARED BY

Natasha Markovska

#### DELIVERED BY

Natasha Markovska

#### TARGET GROUPS

Sectoral ministries and other institutions; High level officials; Network of Climate Change Practicioners (NCCP) reporting on climate change

#### WHERE

Online

#### HOW / WHAT TYPE

Presentation/workshop

#### WHEN

07.04.2020

## Topic

### Projections for Macedonian climate change and climate extremes

#### GOAL / ADDITIONAL INFO

To present scenarios for extreme climate change in North Macedonia

#### PREPARED BY

Vladimir Djurdjevic

#### DELIVERED BY

Vladimir Djurdjevic

#### TARGET GROUPS

High level officials + Network of Climate Change Practicioners (NCCP)

#### WHERE

Online

#### HOW / WHAT TYPE

Presentation/workshop

#### WHEN

08.04.2020

## Topic

### Projections for climate change and climate extremes in the region of Strumica

#### GOAL / ADDITIONAL INFO

To present scenarios for extreme climate change in Strumica

#### PREPARED BY

Vladimir Djurdjevic

#### DELIVERED BY

Vladimir Djurdjevic

#### TARGET GROUPS

Local authorities in Strumica region

#### WHERE

Online

#### HOW / WHAT TYPE

Presentation/workshop

#### WHEN

08.04.2020

## Topic

### Projections for climate change and climate extremes in the Polog region

#### GOAL / ADDITIONAL INFO

To present scenarios for extreme climate change in the Polog region

#### PREPARED BY

Vladimir Djurdjevic

#### DELIVERED BY

Vladimir Djurdjevic

#### TARGET GROUPS

Local authorities in Polog Region

#### WHERE

Online

#### HOW / WHAT TYPE

Webinar

#### WHEN

09.04.2020

## Topic

### Projections for climate change and climate extremes in the region of Skopje

#### GOAL / ADDITIONAL INFO

To present scenarios for extreme climate change in the region of Skopje

#### PREPARED BY

Vladimir Djurdjevic

#### DELIVERED BY

Vladimir Djurdjevic
